

WEEKLY PRAYER 2

Father, you know what I need before I ask and have made it available for me as I need it upon asking, so with a heart of thanksgiving and gratitude I come confidently into your presence to give you praise in Jesus Name. Father, you've taught me that everything pertaining to my welfare works together to accomplish your purposes for my life. Even the wicked are taken into consideration and appropriate action taken to ensure that their plans against me fail and yours for me succeed. Before I start this current week Father, before I undertake anything, I put my complete trust in you to direct me and align me with your assignment for the week. Inspire my thinking, open my eyes to identify the opportunities to receive blessings so I in turn can bless others in Jesus Name, I receive it now as done in Jesus Name, Amen.
